RIDE & STRIDE – History on our doorstep

Gloucestershire has more than 600 Historic churches, of which 107 are participating in this year's Ride + Stride event.

Nowhere is history brought to life more intensely than in our church buildings. Often the oldest building in a community, they offer us the chance to stand, sit or kneel in exactly the same spot that ordinary people have done for many hundreds of years.

Whatever the age of the building, it tells us a huge amount about the aspirations and ideals of the individual or community which built it. From the fine 'Wool' churches of the Cotswolds, built with the earnings of the mediaeval wool trade, to the plain, classical lines of non-conformist meeting houses and more modern city churches, Gloucestershire has a wonderfully diverse selection.

Why not take a look for yourselves ?
